IN COLD BLOOD

A True Account of a Multiple Murder and Its Consequences

TRUMAN CAPOTE

'Dick became convinced that Perry was that rarity "a natural killer" - absolutely sane, but conscienceless, and capable of dealing with or without motive, the coldest-blooded deathblow.'

On November 15, 1959, in the small town of Holcomb, Kansas, a wealthy farmer, his wife and their two young children were found brutally murdered. Blood all over the walls, the telephone lines cut, and only a few dollars stolen. Heading up the investigation is Agent Al Dewey, but all he has are two footprints, four bodies and a whole lot of questions.

Truman Capote's detailed reconstruction of the events and consequences of that fateful night, *In Cold Blood* is a chilling, gripping mix of journalistic skill and imaginative power.

'One of the stupendous books of the decade' - *Sunday Express*
