Výročné logo obsahuje pôvodnú farebnosť spoločnosti Encatc. Použila som vlastné handwritingové písmo, aby logo pôsobilo jednoducho a vznešene. Môžu sa používať iba tieto 3 varianty. Minimálna veľkosť loga je 20mm.

ENCATC is the leading European network on Cultural Management and Cultural Policy education.

ENCATC is the only European network gathering together higher educational institutions and training organizations dealing with cultural management education and training. Established in Warsaw in 1992, the network counts over 100 members in 35 countries across Europe and beyond.

We have the status of an international non-profit organisation, an NGO with UNESCO, and of "observer" to the Steering Committee for Culture of the EU.

We are a lively and expanding European platform encouraging serious exchange knowledge, methodologies, experiences, comparative research and regular assessor's training needs in the broad field of cultural management from a Euro-wide view through a wide range of working groups, projects, activities and events. We voice the views of our members through our dialogue with international institutions and organisations on legislation, policies and programmes impacting education and training in cultural management and cultural policy.

We cooperate closely with our partners at UNESCO, the Council of Europe, the Commission and the European Parliament as well as with the European Culture We foster - in different forms and at different levels - close co-operation worldwide concerned with the teaching of cultural policy and cultural management in Africa, the Asia-Pacific region, North America, Latin America and

Become an Associate Partner of the LLP Grundtvig funded project "LEM – The Learning Museum"

July 1st, 2011

By becoming an Associate Partner of the LLP Grundtvig funded project "LEM – The Learning Museum" you will join a network of more than 25 institutions from 17 European countries and from the United States of America. These figures might easily become outdated, as the network is growing day by day.

Who can become an Associate Partner:

All the organisations represented are either museums, museum umbrella organisations or cultural institutions with an interest in lifelong learning, museum education, cultural policies and culture in general, who are interested to circulate ideas, exchange practices, debate with colleagues in a European context, and support professional development of relevant staff.

By becoming an Associate partner you will have the possibility to explore, in a regular exchange with colleagues in the European network, the variety of ways in which museums in the 21st century have the potential or are learning environments and at the same time learning organisations; that is organisations which learn from other disciplines, as well as from their communities and from different actors to meet the challenges of contemporary society.

For further information about the project, please consult:
